

*Fiber Network*

# Faster internet lives here.

Moving to a new home isn't just about a bigger living space or better curb appeal. It's about improving your quality of life. Living in a community like South Whidbey powered by high-speed broadband internet service from Whidbey Telecom, makes each day smoother, more enjoyable and worry free — and it's backed by support from technicians who literally live down the street.

## Your home: wired for speed.

Closing on a home purchase? Contact Whidbey Telecom and we'll get you set up with the right home internet service to fit your needs. We're building The BiG GiG Fiber Network to power the future of South Whidbey.

**On-island  
support crew**

**Save on  
install costs**

**Not a techie?  
No problem**

Whether it's The BiG GiG Fiber Network, high-speed broadband internet or a reliable landline telephone, you can work from home with the speed and ease of being at the office.

Visit [connect.whidbeytel.com](https://connect.whidbeytel.com) to see what services are available at your new home address or in the neighborhoods you are shopping in.
